2019
TOP 5
USA.gov's Most Popular Searches from Google

At USA.gov, we collect two sets of search data: 1) queries that users type into Google that include USA.gov pages in the search results; and 2) queries that users type while on USA.gov. In reporting our top searches for 2019, we are sharing both sets of search data.

2 Housing and Community

5 Immigration, Citizenship, and Visitors to the U.S.

Voting and Elections

3 About the U.S. Government

Benefits, Grants, and Loans

Jobs and Unemployment

Consumer Issues

1 Travel and Recreation

4 Money and Credit

Laws and Legal Issues

For each category, you can see the total clicks for that topic area and the most popular sub-topics.
